Subject: Adjusted Implementation Date of Revised Form HUD-50058, Family Report

- 
1. **Applicability:** This Notice applies to Public Housing Agencies (PHAs) administering public housing programs (low-rent “conventional”) and/or Section 8 programs, and Tribes and Tribal Designated Housing Entities (TDHEs) that operate Indian Housing and Section 8 tenant-based rental assistance programs.
  2. **Purpose:** This Notice announces that the April 2, 2001, implementation date of the revised Form HUD-50058 established in Notice PIH 2000-53 is delayed. The Office of Public and Indian Housing (PIH) **will now implement the revised Form HUD-50058 not before May 1, 2001, and no later than June 1, 2001.**

PIH has delayed the implementation of the revised Form HUD-50058 to accommodate changes to the Multifamily Tenant Characteristics System (MTCS) Technical Reference Guide required as a result of a data quality review. PIH is also awaiting the arrival of new hardware necessary to release the new MTCS, called the Form 50058 sub-module, in the Public and Indian Housing Information Center (PIC). In addition, PIH cannot implement the new Form HUD-50058 until all building and unit information for public housing programs is submitted into PIC. PIH will continue to conduct User Acceptance Testing of the new Form 50058 sub-module and reports at this time.

3. **MTCS Semi-Annual Assessment:** PIH is suspending the June 2001 semi-annual assessment process for both Section 8 and public housing established under Notice PIH 2000-13 in order to provide time for the new Form 50058 system to become established.
4. **Interim Reporting:** PHAs shall continue to use the current Form HUD-50058 (10/99) until instructed by HUD to switch to the revised Form. PHAs may continue to transmit Form HUD-50058 data with future effective dates with the current Form HUD-50058 (10/99) up until the last day before the transition to the revised Form, date to be confirmed by HUD.

As an alternative, PHAs with software that will not allow them to continue to transmit the current Form HUD-50058 (10/99) after March 30, 2001, should begin to **enter** their data using the revised Form HUD-50058 when their software requires them to make the transition. PHAs in this situation **should not submit** their data on the revised Form HUD-50058 to the Form 50058 sub-module in PIC until HUD instructs them of the implementation date, not before May 1, 2001, and no later than June 1, 2001.
